

MISSION POSSIBLE

To rehabilitate lives by believing in THE STRENGTH OF PEOPLE.

To believe in our people – allowing them the autonomy to facilitate and provide clinically excellent care to the community with compassion and respect.

To believe in our patients and their ability to achieve what they once thought impossible – optimal function to rehabilitate their lives.

HISTORY OF FOX

Fox Rehabilitation is now extending its philosophy of care into the pediatric setting. We believe that kids should have access to the same clinically excellent patient care that the rest of the community has had for over 13 years. In keeping with our proactive, evidence-based model of practice, our pediatric center focuses on helping children develop to their full potential and independence. Our innovative and experienced Speech Language Pathologists and Occupational Therapists are licensed professionals who strive to make a difference in the life of your child.

MAKING A DIFFERENCE IN THE LIFE OF A CHILD.

COLLABORATION IS THE KEY TO SUCCESS.

WE ARE THE BRIDGE BETWEEN PARENTS, SCHOOLS, AND OTHER PROFESSIONALS.

PARENT SUPPORT

- In-service training for parent support groups and school personnel.
- Available workshops (speech and language development, behavior management, social skills, educational modifications, and sensitivity training).
- Parent seminars by local professionals.

EFFECTIVE METHODS OF COMMUNICATION

We provide the vehicle to enhance the lives of children and their families. We use an eclectic and multimodality approach throughout all therapy sessions. Sensory integration issues are recognized throughout therapeutic sessions and parent educational support services are continually provided.

WE PROVIDE

- Speech-language and occupational therapy evaluations and treatment.
- Pragmatic language therapy for individuals or small groups (social skills).
- Therapy services offered in our outpatient center or house call setting.
